Open Government Partnership

## **OGP Timeline 2016-2020**

This calendar outlines the two-year cycle for OGP participating countries that deliver new National Action Plans (NAPs) in even years. During the action plan cycle, governments will draft their NAP jointly with civil society. They will continuously implement their commitments and produce a Self-Assessment report once a year. The Independent Reporting Mechanism (IRM) will also produce two reports during the cycle to monitor results achieved and make recommendations for improvements. Exact timelines may vary slightly. For more information, consult the full OGP Calendar Guidance Note.
