Dear all,
 I hope this mail meets you well

1. You may recall that the zero draft of the 2021-2023 OGP Action Plan was sent to the various TWGs for consultations and deliberations with the citizens and other relevant stakeholders. This is in order to have more inputs from the public to enrich the new OGP Action Plan.
2. You may wish to know that the OGP secretariate has collected citizens observations and came up with a compilation that needed validation and adoption by the expanded citizens engagement in a larger OGP community. Expanded Citizen engagement is at the heart of the Open Government Partnership (OGP). In every action and process, OGP members commit to co-creation in the development, implementation, and monitoring of processes and procedures.
3. To meet up with the deadline for submitting the new action plan 2021-2023 to global OGP and also to ensure that the action plan captured the input and recommendation of the citizens, there is a need to meet with all the relevant stakeholders especially the OGP community to validate and finalize the 2021-2023 action plan.
4. In view thereof, you are invited to attend the 2021-2023 OGP Action Plan validation scheduled to take place as follows:

Date: 27th April 2021.

Time: 09:00 am prompt

Venue: Planning and Budget Commission's Conference.

Thank you in anticipation.
