The OGP Multi Donor Trust Fund aims to support countries in delivering real impact

The objectives of the OGP Multi Donor Trust Fund (MDTF) are to:

- **Enhance the capacity of countries to develop and implement country-led commitments on open government.**
- **Increase the expansion and dissemination of knowledge on the effectiveness and impact of open government reforms.**
- **Provide programmatic support to the OGP Support Unit.**

The OGP MDTF mirrors the spirit and values of the OGP

- **National/local OGP actors are at the driver's seat to determine activities to be funded by the OGP MDTF.**
 - Multi-stakeholder forums must endorse requests for funding.
- **MDTF is designed to maintain parity between government and civil society stakeholders.**
 - One government and one civil society representative in the MDTF Council.
 - Recipients may be government, civil society or research institutes.

Objective of the support to Participation and Co-Creation

What we hope to achieve:

Support the improved quality of engagement and dialogue during the OGP Action Plan design, deliberation, prioritization and monitoring process.

How we will achieve goal:

Hire an organization, or a Contractor or firm, to:

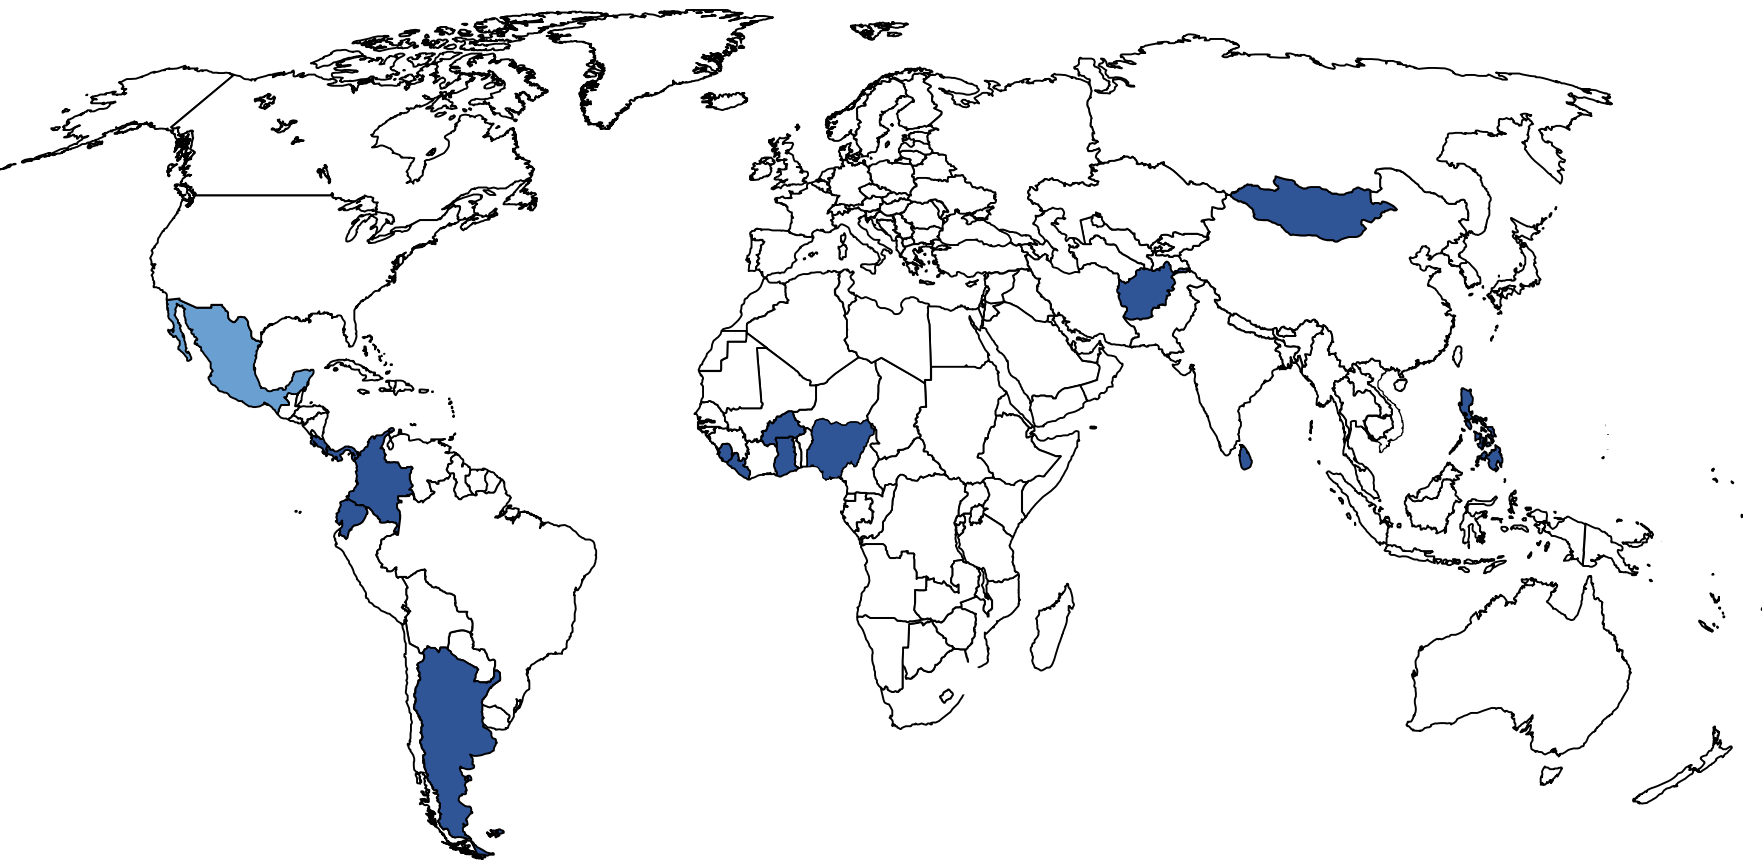

- Collaborate closely with the Point of Contact (POC) and the multi-stakeholder forum (MSF)
- Facilitate a process that supplements and enhances the larger efforts to co-create and broaden engagement on OGP by going beyond the business-as-usual approach.

Scope of Work

The OGP MDTF will support proposals with an amount equal or lesser than USD 60,000 over one-year period and shall not exceed this value. Minimum of four awards will be given.
