Call Summary

- The Criteria and Standards (C&S) Subcommittee Co-Chairs convened this call to review and endorse the Rapid Response Protocol (RRP). Quorum was not reached for this meeting, therefore C&S was unable to endorse the RRP during this call. The call was used to discuss a last set of comments and suggestions received from C&S members. Given the lack of quorum, it was agreed that the final RRP would be sent to the full C&S for endorsement by non-objection approval by EOD September 15. The endorsed RRP will then go to the full SC for final approval by no-objection basis within two-weeks time, no later than the end of September.
