Anders Ygeman
Minister for Energy and Digitization
Government of Sweden

Dear Minister Ygeman,

We welcome the Government of Sweden's participation in the Open Government Partnership (OGP), which now comprises 78 countries working to implement open government commitments to promote greater transparency, accountability and citizen engagement in policy making.

As you are aware, all OGP participating governments are expected to co-create an Action Plan outlining a concrete set of open government reforms, in line with OGP Participation and Co-Creation standards.

For its 2019-2022 action plan, the Government of Sweden did not meet the OGP minimum requirement for public influence during co-creation - "Involve" - as assessed by the Independent Reporting Mechanism ("IRM") in their [report](#). Therefore, Sweden has acted contrary to the OGP process for that cycle.

Sweden has now acted contrary to the OGP process for two consecutive action plan cycles. A copy of the letter notifying the previous occurrence is enclosed for your records (late delivery of its 2018-2020 action plan). In line with [OGP policy](#), Sweden will be placed under review by the OGP Criteria & Standards Subcommittee (C&S). This review process involves enhanced support by the C&S, the OGP Support Unit and the OGP Steering Committee in order to help address the issues that have led to it being placed under review.

The review process can be finalized by addressing the most recent occurrence of acting contrary to process. In this case, by meeting the minimum co-creation standards in Sweden's 2022-2024 action plan, as assessed by the IRM in the Action Plan Review report.

The OGP Support Unit and Steering Committee stand ready to support you during the implementation of your current action plan and the development of your next one to make sure all requirements are met.

Yours sincerely,

Sanjay Pradhan

Minister for Public Administration
Government of Sweden

15 January 2019

Dear Minister Shekarabi,

We welcome the Government of Sweden's participation in the Open Government Partnership (OGP), which now comprises 79 countries and 20 local governments working to implement open government commitments to promote greater transparency, accountability and citizen engagement in policy making.

As you are aware, the OGP Articles of Governance state that all participating governments are expected to co-create an action plan outlining a concrete set of open government reforms, in line with OGP Participation and Co-Creation standards. Governments that are more than four months late in submitting their action plan will be considered to have acted contrary to OGP process for that action plan cycle.

As of 1 January 2019, the Government of Sweden has not submitted its action plan, four months after the deadline of 31 August 2018, and therefore has acted contrary to OGP process. As a result, Sweden has been shifted from the "even year" to the "odd year" cohort of OGP participants, and considered to have started a new action plan cycle with a deadline of 31 August 2019 to submit its action plan. In order to avoid the possibility of future review by the Criteria and Standards Subcommittee of the OGP Steering Committee, we recommend that the Government of Sweden makes every effort to deliver its action plan by the established deadline.

The OGP Support Unit and Steering Committee stand ready to support you in whatever way would be useful. Please do not hesitate to contact the Support Unit if you require any assistance in the finalization of your action plan.

Yours sincerely,

Sanjay Pradhan
