Dear Co-chairs,

With this letter I would like to assert the willingness and ability of Ozurgeti Municipality City Hall to take an active part in the Open Government Partnership (OGP) Local Program should Ozurgeti Municipality Assembly is selected as a member.

We stand ready to closely cooperate with the Municipality Assembly during the co-creation and implementation of the OGP Local Action Plan and provide any necessary assistance to guarantee our successful participation in the OGP Local Program and realization of the commitments we plan to undertake.

Ozurgeti Municipality City Hall shares the fundamental values of accountability, transparency, participation and responsiveness. We strongly believe that our municipality's participation in the OGP Local will be an important milestone to further work towards ensuring that our policies are guided by the principles of open government.

Ozurgeti Municipality is a proud member of the OGP Georgia process. We have achieved significant results throughout the implementation of the last two OGP NAPs. In this capacity, we acquired valuable experience of successful cooperation with the local civil society. Moreover, City Hall has an exemplary track record of cooperation with our legislative body. The City Hall and Assembly always work together to ensure our policies are designed with and for the benefit of our citizens.

I would like to thank you for considering Ozurgeti Municipality to be a member of this extraordinary network. The City Hall is eager to work with the Assembly to implement best practices of the open government within the framework of the OGP Local Program.

We are looking forward to our fruitful cooperation.

Sincerely,

Konstantine Sharashenidze

Mayor, Ozurgeti Municipality City Hall
