

El Kef municipality Mayor Speech

Excellencies , Ladies and Gentlemen ,

It is a great honor to join you on this Virtual Open Government Partnership Global Summit and we extend our warm congratulations to all members on the 10th anniversary . On this occasion , we renew our involvement in this program and reaffirm our commitment to implementing its principles . Since 2019 , el Kef municipality took the initiative to get involved and prepared a Local Action Plan in partnership with civil societies . Among the commitments listed we mention :

-The creation of an Internal Audit System that monitors the municipality's respect for the right to access information , evaluate public policies , enhance transparency and combat all kind of corruption risks .

-Digitizing the archive and open it to the public.

-Digitizing citizen's space .

-The creation of a women's platform as a pilot project in partnership with civil associations and supported by the international organizations .

And going forward , el Kef municipality will develop its services by digitizing municipal administration , involving women , youth and civil society in decision making .

Therefore , we insist on the importance of cooperation and exchange of experiences as a support for overcoming the risk of the Corona pandemic and we call on all parties to preserve all OGP gains to serve our citizens

Amor Guidaoui
