Marie Bjerre
Minister for Digital Government and Gender Equality
Government of Denmark

Dear Minister Bjerre,

We welcome the Government of Denmark's participation in the Open Government Partnership (OGP), which now comprises 76 countries and 106 local governments working to implement open government commitments to promote greater transparency, accountability and citizen engagement in policy-making.

For its 2019-2022 action plan, the Government of Denmark did not meet the OGP minimum requirements for implementation as assessed by the Independent Reporting Mechanism (IRM) in their [report](#), specifically failing to maintain an OGP repository and failing to provide the public with information on implementation of the action plan.

Denmark acted contrary to the OGP process for two consecutive action plan cycles. A copy of the letter notifying the previous occurrence is enclosed for your records (failure to deliver its 2022-2024 action plan). In line with [OGP policy](#), Denmark was placed under review by the OGP Criteria & Standards Subcommittee (C&S). However, this process was finalized when Denmark delivered its action plan on June 30, 2023.

The OGP Support Unit and Steering Committee stand ready to support you during the implementation of your current action plan and the development of your next one to make sure all requirements are met.

Yours sincerely,

Sanjay Pradhan

Marie Bjerre
Minister for Digital Government and Gender Equality
Government of Denmark

Dear Minister Bjerre,

We welcome the Government of Denmark's participation in the Open Government Partnership (OGP), which now comprises 76 countries and 106 local governments working to implement open government commitments to promote greater transparency, accountability and citizen engagement in policy-making.

As you are aware, all OGP participating governments are expected to co-create an Action Plan outlining a concrete set of open government reforms, in line with OGP Participation and Co-Creation standards.

As of December 31, 2022, the OGP Support Unit has not received a new action plan from the government of Denmark. Therefore, Denmark has acted contrary to the OGP process for the 2022-2024 cycle.

Continued failure to submit a new action plan would result in Denmark acting contrary to OGP process for a second consecutive cycle, and therefore would be placed under Procedural Review by the Criteria & Standards Subcommittee.

The OGP Support Unit and Steering Committee stand ready to support you during the implementation of your current action plan and the development of your next one to make sure all requirements are met.

Yours sincerely,

Sanjay Pradhan
Chief Executive Officer
