Honorable Andreja Metelko-Zgombić
Ministry of Foreign and European Affairs
Government of Croatia

Dear State Secretary Metelko-Zgombić,

We are delighted to count on the Government of Croatia's participation in the Open Government Partnership (OGP), which comprises over 70 member countries and more than 150 local governments dedicated to advancing transparency, accountability and public engagement in policy making.

Central to participation in OGP is the co-creation of an action plan by each member government, outlining specific open government reforms consistent with [OGP Participation and Co-Creation Standards](#).

In line with the standards for action plan delivery, a country shall deliver an action plan to OGP within one year from the end date of its previous plan. Regrettably, the OGP Support Unit did not receive an action plan from the Government of Croatia by the 30 June 2025 deadline. Consequently, the Government of Croatia has acted contrary to process for this cycle.

We invite the Government of Croatia to submit an action plan by 30 June 2026 and stand ready to support you in this process. If the government does not submit an action plan by the 2026 deadline, Croatia will be placed under "[Procedural Review](#)" by the Criteria & Standards Subcommittee (C&S) as a result of acting contrary to process for two consecutive cycles.

We congratulate Croatia on its successful implementation of its 4th action plan, and we look forward to receiving its 5th in the near future.

Please be assured of our unwavering commitment to assisting you in developing your next action plan, ensuring full compliance with all requirements.

Yours sincerely,

Aidan Eyakuze
Chief Executive Officer
Open Government Partnership
