Ms. Jennifer Ila presented the new OGP commitment for 2021-2022. She explained that the focus of the new commitment will be the youth and detailed how the commitment was created, what the expected outcomes are and who would be implementing the commitment.

The members approved the endorsement of the commitment officially to OGP.

### **• Selection of the South Cotabato Open Government Partnership Monitoring Body**

Ms. Marites Tanseco, head of the Special Projects Division and the Point of Contact for OGP-South Cotabato, informed the committee about the selection of the Independent Monitoring Body for the new Action Plan for OGP. She mentioned the criteria set by the OGP and the duties and responsibilities of the selected IRM. It was emphasised that the IRM should not be coming from the SCIC but from the academe to preserve the integrity of the process. Suggestions were then elicited from the committee but it was discussed that the number of monitoring body should be at least 2 or 3 for objectivity and better evaluation. The remuneration and the other considerations for the IRM were discussed but it was not yet finalized since there is a need for more concrete information about the implementation of the commitment. Ms. Fecundo said that they were just suggestive but it still has to be discussed by the Special Projects Division.
